BRITAIN

7.18.72

1

See folder ROMAN for Peasode's article "Roman Amphorae in pre-Roman Britain" (or so such), also corresp. with him of VII-IX.72. Some of his jars found in Britain^{or} of late Rhodian shape. Question as to their clay, which he thinks was not from Rhodes, and we are in the midst of trying to have samples sent to him of clay from stamped Rhodia of various (Greek) periods.
